More than a decade ago, we set the cornerstone for Traditional Teak - a brand born out of an unmet demand, a brand that has since become synonymous with quality and craftsmanship.

Together, we are more than the sum of our parts. As a master cabinetmaker, a visionary product developer, a meticulous quality controller, and a creative graphic designer, we seamlessly combine our talents. It's our shared enthusiasm and deep-rooted love for the art of craftsmanship that have propelled Traditional Teak to remarkable heights.

Today, we stand proud, with a vast network of specialized points of sale, not only across the Netherlands but also beyond its borders. Our journey continues, driven by our commitment to delivering exceptional teak products and an enduring passion for the timeless beauty of wood.

"Thank you for being part of our story, we invite you to experience the artistry of Traditional Teak firsthand."

DESIGNERS

Povl Eskildsen

A product of the classic Danish furniture tradition. Povl studied architecture at the Aarhus School of Architecture. Working with among others, several respected outdoor furniture brands, Povl brought a new sense of design into the outdoor furniture industry, in particular in teak furniture, where his designs brought the elegance & comfort that had been the norm in Danish indoor furniture for decades to a category where weight rather than design and comfort had been key selling parameters.

Dick Björk

Dick's interest in furniture design was ignited at an early age where he spent a considerable amount of time in his parent's iconic furniture shop in Helsingborg, Sweden. Having worked as a craftsman at some of Sweden's leading furniture producers, Dick turned to furniture design. His early work include pioneering mixed material outdoor furniture for legendary Berga Form of Sweden.
